Pounds and Pennies Past, Present & Future

A classroom of shopkeepers!

Your team is going to open a new shop on the high street. Before you do, there are some important things you need to decide upon:

1. What is your shop going to sell?
(Tip: think about who your customers are!)

2. How are you going to get people to buy your goods? Are you going to have any special offers?

3. How much are your items going to cost?
(Remember, everyone has just £1 to spend, so don't make them too expensive!)

4. What is your shop going to be called?

Fill in this table to show which items your shop is going to sell and how much each item is going to cost.

Item	Cost

What next?

It's time to draw all your items, cut them out and put the prices on.

Finally, design a shop sign and a shop front.
