

Pounds and Pennies Past, Present & Future

A classroom of shoppers!

You have a budget of £1 to spend in any of the shops except your own. Choose your shopping carefully and write down what you bought and how much it cost. Remember to keep a running total so that you don't overspend!

Happy shopping!

What did you buy?	How much did it cost?	Running total

Now answer these questions:

Which of your purchases is your favourite?

Why?

Were you looking for something in particular that none of the shops had?

Was something you bought available in more than one shop?

If yes, how did you decide which shop to buy it from?

What was the name of the winning shop?

What did it sell?
